# CS 242 GUI Testing Plan

Gymr.

Zifeng Huang

NetID: zhuang45

1.   Login Interface

Click on Login, since this is your first time entering the app, you will see the configuration screen:
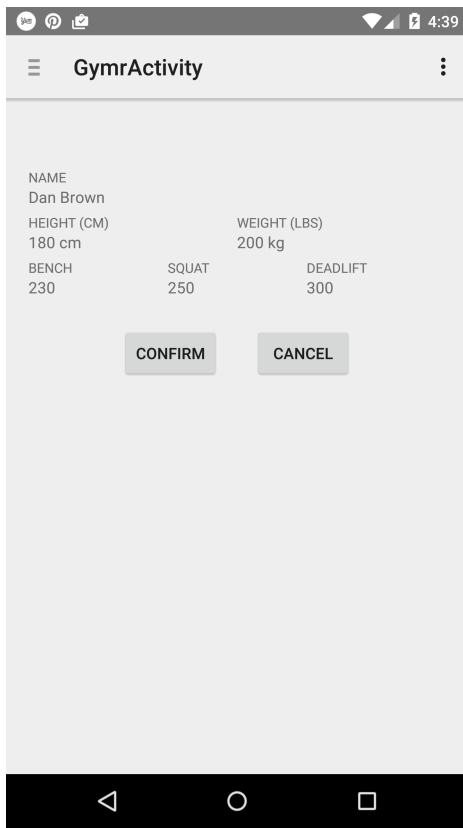

After Configuration, you shall be prompted for body part, Click on Back for now:
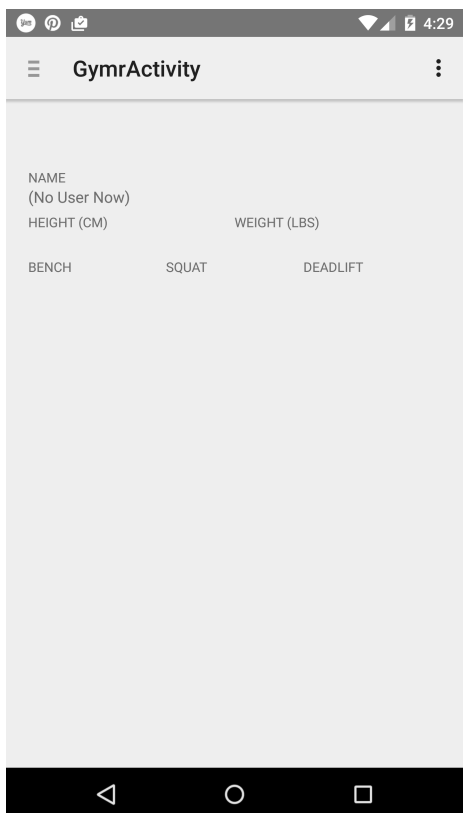

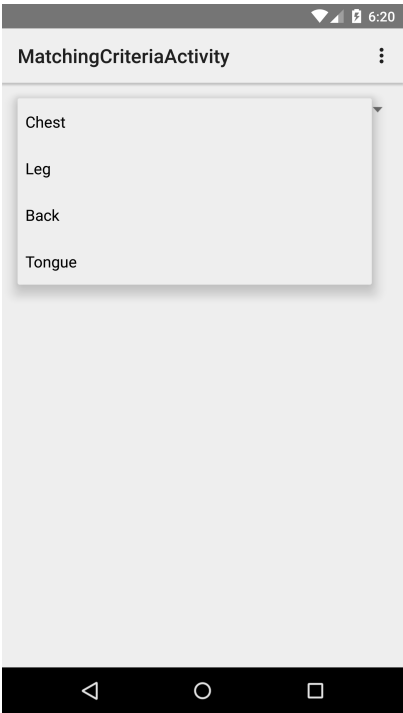

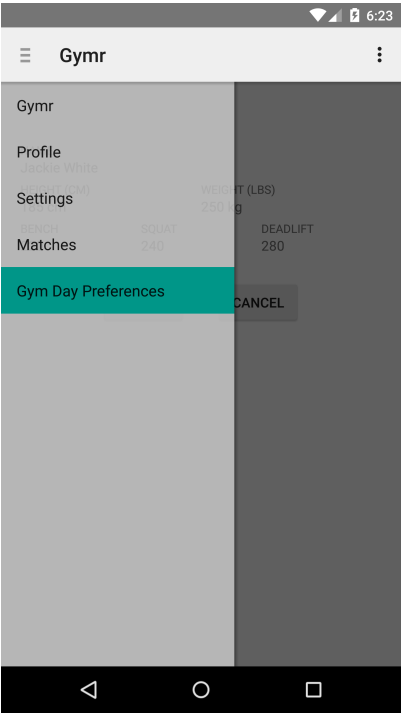

2. Matching Results

After the Configuration, you shall be able to see results:

If you click Cancel, now the database would run out of users, if should show the following screen for "no users":

You can then reconfigure the app to change the body part that you would like to work on, then you should see different results, you can do this by clicking "Gym day preference" on the navigation menu:

Then you will see a different result:

3. Getting Matched Up!

If this user also is matched up with you, you shall immediately see the following screen which will bring you to a link of his/her Facebook profile, then, clicking on it should bring it to his/her Facebook profile:
